## STATE TAX COMMISSION ORDERS "SMALL" RAISE

Only \$4,875,000 Must Be Added To Madison's Assessment This Year—Says Letter To Judge Price.

The Daily Register was in error the other day when it said that the State Tax Commission had made a "heavy" increase in the tax assessment of Madison county.

The increase was only "small." This is bound to be so because the State Tax Commission says so itself. But it is a mighty good thing for the taxpayers of Madison county that the increase isn't "medium-sized" or large, or "small" as the State Taxing Board says it is, \$4,875,000 on lands and \$500,000 on town lots. Can you beat it?

This makes almost \$10,000,000 increase on the assessment of Madison county made during the past two years by the State Tax Commission. Perhaps, it is a good thing for the county and the state that the Tax Commission is a sort of bi-partisan affair with both democratic and republican members, for if this sort of raising taxes is going on all over Kentucky, some political party would be bound to be charged with it by those who have to bear the burden.

As it is, however, Hon. James A. Scott, who is a republican member of the State Tax Commission, has notified County Judge W. K. Price of the "small" raise in Madison county's assessment in the following letter:

Frankfort, Ky., Feb. 22, 1919.  
Hon. W. K. Price,  
Judge Madison County Court,  
Richmond, Kentucky.

Dear Sir:—  
From an examination of the recapitulation book of Madison county we find that it will be necessary to make a small increase in the assessed value of property in order to bring it up to the standard of other counties.

It appears to us that there should be an increase on lands of not less than \$4,875,000 and on town lots of not less than \$500,000.

Under the law we are required to give notice of any contemplated raise and this is to advise you that if you desire to appoint representatives to make a protest against our action they will be heard Monday, March 3, at our office at the state capital at Frankfort. If you should decide to send a delegation to Frankfort, we trust that you will be able to come with them as we would like to go over the assessment of your county so that we can convince you that the raise is only in keeping with the proper equalization of the various counties of the state.

Yours very truly,  
STATE TAX COMMISSION,  
J. A. Scott, Chairman.

Announcement has come from Frankfort that the State Commission has begun its hearings on the county assessments. Madison will be heard on Monday March 3rd, if she desires to protest against the raise ordered to her assessment. It is expected, that of course, a delegation will go from here to object to the constant raising that has been given the taxpayers of this county during the past several years. The announcement from Frankfort says that this year the commission is aiming to reach an 85 per cent assessment on real estate, personality, bank shares and corporation franchises. Last year they approximated 75 per cent. This method was necessitated by the decision of the United States Supreme Court in the railroad franchises cases, holding that they must be equalized with all other kinds of property, which at that time were assessed, the court said, below 60 per cent, and in many instances ran far below 50 per cent.

This increase of 10 per cent over last year's assessment is expected to add \$400,000,000 to the general schedule.

## Overrules New Trial Motions

Motions for new trials, and other procedure of a minor nature, has principally occupied the attention of circuit court on the first two days of the final week of the February term. In all the cases before him, Judge Shackelford has overruled motions for new trials. He denied such motions in the cases of Deering against the L. & N. railroad, in which Deering obtained \$12,000 damages against the road; in the case of Bates Hogan against the L. & N. railroad, in which the L. & N. was the victor; in the case of Estes against Reid, and in the case of Nelson Davis against M. Wides, in which Davis got \$400 damages against Wides for causing a nuisance in his neighborhood with his junk yard. The grand jury has finally adjourned after returning 58 indictments, mostly for minor offences.

## To Enforce Prohibition

Washington, Feb. 25—The Senate committee today ordered a favorable report on Senator Sheppard's bill to enforce the war time prohibition law. It defines intoxicating liquors as those containing more than a half of one per cent alcohol, authorized search and seizure of liquor believed held for sale and does not prohibit storage liquors for personal use.

## GEN. BENNETT YOUNG DEAD.

Many warm friends here were grieved to learn of the death at Louisville of Gen. Bennett H. Young. He was commander-in-chief of United Confederate Veterans from 1913 to 1916. He returned to Louisville Saturday night in a dying condition from Florida, where he went several weeks ago to recuperate. Gen. Young served with Morgan, J. E. B. Stuart, and Mosby during the Civil War and won considerable fame as a cavalry leader. In 1914 he wrote "Confederate Wizard of the Saddle," described the operation of the Confederate mounted forces during the war.

Gen. Young was born in Nicholasville, Ky., on May 25, 1843, the son of Robert and Josephine Henderson Young. He was educated at Centre College, Danville, Ky., Queen's College, Toronto, Canada. He was also a graduate of the law department of Queen's College, Belfast, Ireland.

## Suburban Homes On Lexington Pike

This is the James J. Neale farm and I am going to sell it.

Lookout! She goes!  
Two 30 acre tracts with beautiful building sites; one 60 acre tract with tenant house, barn and silo; also one of the most attractive building sites in the county.

One 80 acre tract, with fine dwelling house, light and water in the house, every convenience. Stock and tobacco barns, good fencing, and everything to make an excellent home.

It takes money to buy them, but they are worth the price and will sell quickly, so if you want to build a bungalow close to town, or if you want a fine home already built, don't delay.

These tracts are in my hands for sale and it won't take ten minutes to trade, if you are in the notion.

## Higher Taxes On Today—Wilson Signs Big Bill

(By Associated Press)

Washington, Feb. 25—President Wilson has signed the six billion dollar war revenue bill. Upon his arrival here today he announced he had affixed his signature on the train en route to Boston last night.

The signing of the bill puts into operation machinery for collecting six billion dollars in taxes this year. Higher taxes are in effect today upon liquor, soft drinks, tobacco and so-called luxuries, including automobiles, pianos, sporting goods, chewing gum, candy, cameras, firearms, slot machines, toilet soaps and art goods. The luxury taxes, however, are paid by the manufacturer.

The bill continues excise taxes on a number of special businesses, including amusement places, while on April 1st, new taxes on railroad tickets, theatre admissions and variety stamp taxes become effective. It levies on so-called semi-luxuries such as articles such as dress, to be made after May 1st, on which date a tax on soda fountains is effective.

## Madison Horsemen Attend Sales At Lexington

Quite a number of Madison county horsemen attended the saddle horse sales at Lexington Friday. Highland Choice topped the sale at \$2,500, sold by McCray Bros., of North Middletown, to Crozier, of Philadelphia. The demand for the animals offered was better than it has been for some years and the average price was an improvement over the realization of more recent sales. Jack Barrymore, the noted gelding was offered and sold to E. B. Miller, of McAfee, for \$810. This gelding has had a remarkable career. He has travelled from coast to coast. After winning a \$5,000 stake in California, he was sold at Madison Square Garden for \$12,000. He is now 10 years old but in good shape. His purchaser has not said whether he will be seen in the show ring again or not.

## Half Million More Coming Back Before July 1st

(By Associated Press)

Washington, Feb. 25—Gen. Pershing's chief of staff today cabled that 18 national guard and national army divisions, nearly 500,000 men, are scheduled to sail from France before July 1st, apparently confirming reports that the expeditionary forces will be reduced to a total of 300,000 by the end of the current fiscal year.

This announcement indicates that in addition to the seven regular divisions now in France, the American forces will include the 29th national guard and the 78th and 81st national army division. This would give a nine-division strength for combatant forces and allow one division for a depot unit.

## 45th State Ratifies

(By Associated Press)

Harrisburg, Pa., Feb. 25—The legislature today ratified the national prohibition amendment. Pennsylvania thus becomes the 45th state to ratify it.

## Normal School Notes

One of the leading features of the day at the Normal was performed in chapel this morning by the Cynthian Literary Society, when it fell to their lot to lead chapel, they were prepared and ready to respond. So they gave a play in excellent style. Each scene of the play represented something which had happened during the school year, beginning with the fall term and running up to the present time.

The Normal five are exercising all bruises, getting ready to meet the Trancy five this evening at 8 p. m., in the Normal gymnasium. Holdcraft is the only fresh man which Normal is able to run in on the Trancy five, and he himself should be able to assist the Normals greatly in the struggle for victory.

Several of the Normal girls were very fortunate in having a few members of the Trancy basket ball team as their callers from seven to nine the past evening.

The students, who went home to spend the week end returned yesterday afternoon and resumed their work this morning.

A number of new students enrolled yesterday.

Mr. Clay Smith, a former student passed through Richmond the other day to visit his home in Estill county, after spending 12 months in France in the aviation service of the navy. Mr. Smith will soon return to enroll in the Normal.

Professor Keith is absent today from his class room. He is confined to his home with a light attack of influenza. Mrs. Bruner is in charge of his work.

Prospects for the fourth term enrollment are very bright indeed. The business office reports all rooms assigned on the campus and a long waiting list for rooms in town. We will welcome the new comers to the campus. With the return of normal conditions the student body once more will reach its highest mark.

The faculty and student body are congratulating Dr. W. J. Grinstead upon the recent adoption of his spelling book for the schools of the state.

## Sells Old Ball Park

The old ball park, the scene of many a hard fought battle, was sold this week by Mr. Robert R. Burnam, Sr., to John Blunski, of London. The new owner is associated with John W. Creech, in control of the Eats End stock yards, it is understood, and it is reported that the acreage obtained may be used for enlargement of the East End yards, or for building cattle pens to take care of the overflow, which frequently is the case at these popular yards on a rush court day.

There are about two and a half acres in the tract, and the price paid for them is said to have been around \$3,000. There was some discussion at one time of the city purchasing this tract for a public playground or park for the children, and this met with much favor in many quarters, but somehow, it lapsed and a splendid site for such a worthy purpose, has been lost.

## WON'T DECIDE ON EXTRA SESSION YET

(By Associated Press)

Washington, Feb. 25—Back in the White House after an absence of nearly three months, President Wilson was working away at his desk this morning when surprised members of the executive staff began to report. His train reached here at five o'clock after an uneventful return. Three hours later he passed through a cheering crowds at the station and a few minutes later was in the White House surveying the tasks ahead of during the single week before he will sail again for the peace conference.

The President plans for his address before the joint session of Congress which is expected to take shape within a day or two. His only plans for today include a cabinet meeting this afternoon. An extra session of Congress will not be decided upon until after a complete survey of the legislative situation.

Nat Sewell, of the Workman's Compensation Board, was in Richmond Monday afternoon, having come over for a short time after a Dixie Highway meeting, which a number of local men attended at Lexington. Mr. Sewell recently resigned as State Inspector and Examiner, in which office he made a great record. Messrs. R. E. Turley, M. C. Kellogg, and others from here attended the Dixie Highway meeting in Lexington, where completion of the seven miles of the road, south of Berea, was discussed. The money to defray the expense of this was made up by popular subscription some time ago, but the gap in the route is still there and many want to know the reason why.

### Oldham States Position On Pardon Question

Col. R. C. Oldham, candidate for the democratic nomination for lieutenant governor, was in town today shaking hands with his friends at home here. Col. Oldham has just given his views upon the pardoning question, in response to a query from a city newspaper correspondent, which will be of interest. He says:

"I hope that I may state my position in this matter without seeming to criticize any former official. The pardoning power is a great responsibility upon any governor and no man has a right to criticize a pardon record unless he be in position to cite specific instances of the abuse of the pardoning power wherein for very good reasons the pardon should not have been granted.

"I think it is a very good rule to never grant a pardon except upon very convincing new evidence which was not presented at the time of the trial and not in possession of the defendant at that time.

"I take it you want my statement from the standpoint of a lieutenant governor, as I am to be the next man to hold that office in Kentucky. The lieutenant governor in the absence of the governor acts as governor. He plainly has the legal right to grant a pardon but, in my judgment, he has not the moral right to pardon any man who has been indicted, charged with a crime or convicted by the courts. I think he should act as governor to carry on the routine of the office and to look after such business as requires immediate attention. As a rule the governor is absent from the state on important business or on a short vacation and for seldom longer than a week. If a man is in prison under sentence there is no good reason why he must be released on a certain day and in nearly all cases I believe that the lieutenant governor should let applications for pardon await the return of the governor. I shall so act, if elected to that office, and I believe it is the spirit and the intention of the constitution."

## Tendency to Constipation?

### USE THIS LAXATIVE!

Dietitians advise a "careful diet," but that is troublesome to most people; physical culturists advise "certain exercises," which is good if one has both the time and the inclination. Doctors advise diet and exercise and medicine. The question is, shall it be a cathartic or purgative medicine? Or a mild, gentle laxative?

Thousands have decided the question to their own satisfaction by using a combination of simple laxative herbs with pepsin known to druggists as Dr. Caldwell's Syrup Pepsin. A small dose gives a free, easy movement of the bowels. It is the best substitute for nature herself. In fact, since the ingredients are wholly from the vegetable kingdom it may truthfully be said it is a natural laxative.

Its positive but gentle action on the bowels makes it an ideal remedy for constipation. The dose is small, and it may be taken with perfect safety until the bowels are regulated and act again of their own accord.

The druggist will refund your money if it fails to do as promised.

#### PRICE AS ALWAYS

In spite of greatly increased laboratory costs due to the war, by sacrificing profits and absorbing war taxes we have maintained the price at which this family laxative has been sold by druggists for the past 25 years. Two sizes—50c and \$1.00.

**FREE SAMPLES**—If you have never used Dr. Caldwell's Syrup Pepsin for a free trial bottle to Dr. W. B. Caldwell, 468 Washington St., Monticello, Ill. If there are babies at home, ask for a copy of Dr. Caldwell's book, "The Care of Baby."

The Senate Saturday adopted the conference report on the bill authorizing men discharged from military service to retain their uniforms and allowing them five cents a mile for travel to their homes from places of discharge. The house is expected to take similar action within a few days.

## Fordson Farm Tractor

We are agents for Fayette, Madison and Jessamine counties, and will make deliveries to your farm. The Farm Tractor has become an agricultural necessity, in view of the uncertainty and high cost of labor. The present high prices of all farm products, and the absolute necessity of food for the world, puts the question of intensive and extensive cultivation by all progressive farmers, that they may make hay while the sun shines. The Farm Tractor is the most economical and the quickest of all means of cultivation.

With the pulley attachment it can be utilized as a stationary engine, uses coal oil as fuel. The price of this Tractor is \$965.00 including belt pulley. We carry all repair parts and can keep your Tractor at work all of the time. Let us show you this farm necessity and demonstrate its essentiality to your needs.

### PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Do not wait until the danger is upon you. At the first indication of trouble go after the cause at once. Get a trial box of GOLD MEDAL Haaslem Oil Capsules, imported direct from the laboratories in Holland. They will give almost immediate relief. If for any cause they should not, your money will be refunded. But be sure to get GOLD MEDAL. None other is genuine. In sealed boxes, three sizes.

With a Guarantee of 100 per cent of the Investment

(This stock is now being sold elsewhere at 20 cents per share)

The Domestic Oil & Refining Company owns valuable leases in the Berea and Stanford Oil Fields, with other leases pending in Lee and Estill counties, and the purpose of this offer is to create a developing fund to be used in drilling and developing of these leases.

The subscribers to this fund will receive in addition to their Stock Certificate, a SPECIAL REFUND CONTRACT, the terms of which provide for one-half of all the proceeds from the sale of oil in this state set aside for the

### Refund of Your Total Investment

after which you will participate in the dividends of the company so long as you wish to retain your stock in the company. The operating expenses are to be taken care of from the other half of the oil produced.

As the amount of stock carrying this REFUND is limited and to be sold at only TEN CENTS PER SHARE, purchasers should write or wire orders in at once. This will assure you of getting the 100 per cent Refund Certificate in addition to your stock. Remember as soon as this block of stock is gone the price reverts to TWENTY CENTS PER SHARE, as heretofore.
